I understand that it is a condition of my study visa that I must sit an end-of-course external exam. The fee will be chargeable in addition to the normal course fee. The Director of Studies will enter me for this exam at an appropriate level relative to my ability. I will be notified in reasonable time of the time, place and exam fee. I understand and accept that if I do not take an end-of-course external examination, I will not receive any completion certificate or exit letter at the end of my course.

I further understand and accept that if I do not turn up to the examination I have been registered for, an administrative charge will apply.

This form must be signed and submitted before paying for your course.
